### Function and specialization

Jessica is the Minneapolis Trade & Customs Practice Leader with a vast knowledge in customs and supply chain, import compliance, trade remedies, duty recoveries, and US Customs and Border Protection operations.

### Education, licenses and certifications

- LL.M., Georgetown Law School
- J.D., Thomas M. Cooley Law School
- Licensed U.S. Customs Broker

### Professional and industry experience

Jessica held various senior level global trade compliance and supply chain roles in private industry for a Fortune 500 retailer. She worked as an international trade consultant for a customs and trade law firm, and was an attorney with the International Trade Administration in Washington, D.C.

Jessica's diverse customs, supply chain and legal background gives her valuable insight into the strategic and operational complexities U.S. importers face, and the opportunities available to them. She possesses extensive experience with import compliance, trade remedies, duty recoveries, and U.S. Customs and Border Protection operations. Jessica worked for one of the largest U.S. importers, leading its Importer Self Assessment initiative, with more than \$18 million First Sale program, and overall trade strategy efforts. Before joining KPMG, she led antidumping and countervailing duty investigations, prepared and conducted import compliance training, and partnered closely with U.S. Customs on key initiatives.

Examples of Jessica's experience include:

- Developing and implementing a comprehensive antidumping compliance program to address risk and provide awareness to trade remedy exposure.
- Leading an Importer Self Assessment program, including annual reporting requirements and recertification processes with U.S. Customs.
- Establishing key processes, internal knowledge, and systems to support the progression and success of a First Sale program from \$2M to over \$18 million.
- Leading on-site foreign supplier antidumping verifications, import compliance and social compliance audits.
- Partnering with U.S. Customs to develop the simplified entry pilot, International Trade Data System (ITDS) single window concept, and Lacey Act implementation.
- Conducting internal and supplier training in Hong Kong, Shenzhen, Shanghai, Dubai and Istanbul on import compliance, country of origin marking, antidumping, and other customs-related topics.
